

**PUBLIC SERVICE COMMISSION OF SOUTH CAROLINA
CLERK'S OFFICE
PROPOSED NOTICE OF FILING**

DOCKET NO. 2021-___-G

**Dominion Energy South Carolina, Inc.'s Request for Approval
of New Natural Gas Energy Efficiency Programs**

On November 23, 2021, Dominion Energy South Carolina, Inc. ("DESC" or "Company"), pursuant to S.C. Code Ann. § 58-37-20, § 58-5-400 et seq., and the Public Service Commission of South Carolina ("Commission") S.C. Code Ann. Regs. 103-819, 103-823, filed with the Commission its request for approval of new natural gas energy efficiency programs and in doing so, requested that the Commission issue an order authorizing DESC to create four new demand reduction and energy efficiency programs ("Demand Side Management" or "DSM") for the Company's residential and commercial natural gas customers. DESC also seeks authority to create a new Rider to Retail Gas Rates—Demand Side Management Component ("Gas DSM Rider") for the recovery of the program costs arising from the new natural gas DSM program and a shared savings incentive ("SSI") of 9.9%. Additionally, through its Application, the Company has notified the Commission of its intent, at a future time, to seek to recover net lost revenues from these new DSM programs through the annual Natural Gas Rate Stabilization Act ("RSA") proceeding under S.C. Code Ann. § 58-5-400, *et seq.*

DESC is not requesting any adjustment its natural gas rates in this proceeding, but the Application states that the Company estimates that the costs associated with the approval of the four new gas DSM programs would have an initial impact within the range of \$0.15-\$0.20 on the monthly bill for a residential natural gas customer using 100 therms.
